The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year.

A child and adolescent health center program shall recognize the role of a child's parents or legal guardian in the physical and emotional well-being of the child. Funding under this subsection shall be used to support child and adolescent health center services provided to children up to age 21. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (12) for that fiscal year. In addition to the funds otherwise allocated under this subsection, from the money allocated in subsection (1), there is allocated an amount not to exceed \$2,000,000.00 for 2015-2016 only for child and adolescent health centers to increase access to nurses and behavioral health services in schools, using 3 existing school clinics as hubs for services and using mobile teams to serve satellite school sites.

Notwithstanding section 17b, payments to eligible entities under this subsection shall be paid on a schedule determined by the department.

(9) Each district or public school academy receiving funds under this section and the education achievement system shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district or public school academy or the education achievement system of funds under this section, which report shall include a brief description of each program conducted or services performed by the district or public school academy or the education achievement system using funds under this section, the amount of funds under this section allocated to each of those programs or services, the total number of at-risk pupils served by each of those programs or services, and the data necessary for the department and the department of health and human services to verify matching funds for the temporary assistance for needy families program. If a district or public school academy or the education achievement system does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy or the education achievement system complies with this subsection. If the district or public school academy or the education achievement

system does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(10) In order to receive funds under this section, a district or public school academy or the education achievement system shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy or the education achievement system shall reimburse the state for all disallowances found in the audit.

(11) Subject to subsections (6), (7), and (8), a district may use up to 100% of the funds it receives under this section to implement schoolwide reform in schools with 40% or more of their pupils identified as at-risk pupils by providing supplemental instructional or noninstructional services consistent with the school improvement plan.

(12) If necessary, and before any proration required under section 296, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (4).

(13) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts were not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section. In addition, if a district is dissolved pursuant to section 12 of the revised school code, MCL 380.12, the intermediate district to which the dissolved school district was constituent shall determine the estimated number of pupils that meet the income eligibility criteria for free breakfast, lunch, or milk, as described under subsection (4), enrolled in each of the other districts within the intermediate district and provide that estimate to the department for the purposes of distributing funds under this section within 60 days after the school district is declared dissolved.
